C3050 → 2700 BC

## Early Bronze Age II

Urbanism become a significant feature of society in the Canaanite region. This coincides with the emergence of the fully literate urban societies of SUMER, in southern Mesopotamia and Early Dynastic Egypt.

MEBIDDO, BETH SHEAN, TA'ANACH and many other settlements developed

with urban centers at this time.

Estimate 20 city, state in Canada  
no one city appears to have been  
dominant
